

CHUGHTAI LAB
ONE NATION - ONE LAB

CORPORATE PROFILE

ONE NATION LAB TEAM

SINCE
1983

ABOUT

Chughtai Lab is the leading diagnostic lab in Pakistan. The lab was founded by Dr A S Chughtai in 1983 with a singular focus on the needs of patients. Today, with a team of more than 30 pathologists and more than 200 lab scientists, Chughtai Lab serves patients in more than 100 cities across Pakistan through a network of regional labs and more than 300 collection centers.

CHUGHTAI HEALTHCARE

Chughtai Lab has evolved and developed into a complete healthcare brand over the past 38 years. We are now offering quality Diagnostics, Radiology, Vaccination Centers, Pharmacy, Clinics, Ambulance, Homecare, a Medical College and a Teaching Hospital. All of our services are centered on the values of exceptional patient care, quality, convenience and responsiveness.

Community Service

MESSAGE FROM THE CEO

I started my lab in 1983 with the idea to serve patients with accurate reports in a timely manner. Back then a 24/7 lab service was unheard of, but that was exactly what was needed. Though we were a small team with limited resources, there was never any shortage of dedication and hard work.

Some time has passed. God has been very kind, and we have grown a little bit. Our focus remains the same as it was on the first day - the patient. The leading role that Chughtai Lab has played during the COVID crisis shows that the original spirit of patient care permeates throughout the organization.

Chughtai Healthcare is the natural evolution of our work, encompassing not just Chughtai Lab, but also several other initiatives such as Radiology, Vaccination Centers, Pharmacy, Clinics, Ambulance, Homecare, a Medical College and a Teaching Hospital.

Almost four decades have passed since we started on this journey, but I feel our work has only just begun. I continue to remind my team, in the words of the great Allama Iqbal - "Abhi ishq ke imtihaan aur bhi hain".

Prof. A. S. Chughtai
CEO and Founder

CHUGHTAI LAB TIMELINE

Lahore Lab

240- Riwaz Garden
Dr. A S Chughtai founded Lahore Lab.
Three rooms, three technicians,
and one pathologist.

1983, February 1

1985

Lahore Lab started the **first lab outreach program** in Pakistan by opening a STAT Lab on Jail Road.

Lahore Lab started **blood bank** services with donor screening

1986

1987

ELISA based hepatitis and hormone testing started

Fine Needle Aspiration service started.

1988

Dr. Chughtai renamed the lab as 'Chughtais Lahore Lab.'

1997

1989 - 90

Semi-automated chemistry analyzer installed, leading to faster and more reliable test results.

Lahore Lab changed the logo.

2000

Outreach program extended beyond Lahore.
Locations opened in Gujranwala, Okara and Faisalabad.

Chughtai Lab approved for FCPS training in Hematopathology and Histopathology.

Locations opened in Sukkur, Peshawar, Larkana and Jacobabad.

In back to back years, the lab set the example for **community service during dengue fever outbreaks**. In 2011 over a period of two months, more than 100,000 CBC tests performed for free or at subsidized rate.

Chughtai Lahore achieved ISO 15189 standard.

Multan Stat Lab opened.

Locations opened in Islamabad and Rawalpindi.

CLL became the launch customer for Abbott Architect Ci8200 integrated chemistry and immunology instrument.

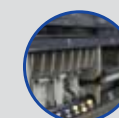

2013

ISO 15189

2010 - 11

2009

2006

2012

Chughtais Lahore Lab installed the Abbott m2000 automated PCR system.
Free home visit service began in Lahore.
Locations opened in Bahawalpur and Sargodha.

2010

Bar code sample labeling and tracking enabled two-way interface between instrument and lab software.

2007

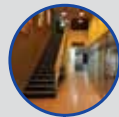

'Nexus Pro' software developed and installed.

2001

Customized Lab software by the name of 'Nexus' software developed and installed.

Chughtai Lab opened in Karachi.

2016

Chughtai Medical Centre and Chughtai Lab Sehat Services

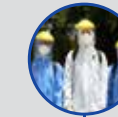

2018

Complete Radiology Services launched in Lahore

2019

Chughtai Lab leads from the frontlines during the COVID-19 pandemic.

2020

2015

Chughtais Lahore Lab renamed as 'Chughtai Lab'.

CHUGHTAI LAB

Chughtai Lab has been working in Pakistan for the past 38 years and has established itself as one of the leading labs in Pakistan. The lab has expanded its test portfolio over time with a focus on quality and the best technology. It has moved a step ahead in establishing a national footprint with over 300 collection centers across Pakistan. The Chughtai Lab team has a mission to deliver accurate results, on time. The lab operates 24 hours a day, every day of the year.

CHUGHTAI HEALTHCARE

CHUGHTAI MEDICAL CENTERS

Chughtai Medical Centers are an integrated solution to the healthcare needs of our patients. Our Medical Centers offer clinic visits, lab tests, radiology services, and pharmacy services, all under one roof. These centers house expert doctors from multiple specialties to provide comprehensive health advice to patients.

SERVICES AVAILABLE

Doctor Clinics

Laboratory Services

Radiology Services

Pharmacy

Vaccination Center

Endoscopy

CHUGHTAI RADIOLOGY SERVICES

Chughtai Lab Radiology Services deliver top quality scanning and imaging facilities to our patients, with the same level of convenience and reliability that Chughtai Lab is known for. Our service portfolio includes X-Ray, Ultrasound, CT Scan, MRI, ETT, Echocardiogram, DEXA Scan, and Mammogram.

All the radiology services at Chughtai Lab are carried out using the latest equipment and are monitored by expert doctors to ensure accurate results in a minimum timeframe.

MRI (Magnetic Resonance Imaging)
1.5 Tesla (Siemens)

ETT
(Exercise Tolerance Test)

CT Scan (Computed Tomography Scan)
160 Slice Aquilion Lightning (Canon)

Ultrasound

DEXA Scan (Primus)

Digital X-ray

Mammography

Echocardiography

CHUGHTAI PHARMACY

Chughtai Pharmacy brings a wide range of quality medicines and healthcare products to its valued customers. Our pharmacy teams include experienced and licensed pharmacists to manage all health prescriptions and to provide guidance on queries. Chughtai Pharmacy also offers home delivery service of medicines in Lahore and 24/7 customer support at our UAN.

CHUGHTAI LAB HOME SAMPLE COLLECTION SERVICE

Chughtai Home Sample Collection Service was started to increase the accessibility of healthcare diagnostics for patients. The service takes the lab to patients' doorstep while promising the same patient care and quality diagnostics that they receive at the lab. Patients can book the service for free online or by calling [Aap Ki Sehat Ka Number 03-111456789](tel:03-111456789). This facility is currently available in more than 25 cities across Pakistan.

CHUGHTAI HOMECARE 24/7

Chughtai Homecare 24/7 aims to deliver high-quality healthcare services at home. The Chughtai Homecare team consists of properly trained doctors and a UK trained care manager. The team is dedicated to delivering medical care at home for a variety of patients; be it someone who needs post-op assistance, or someone who is critically ill or ventilator dependent.

LEVELS OF SERVICE

■ ICU Level Care

Chughtai Homecare 24/7 provides trained and experienced nursing staff to care for patients who require ICU level care at home. We design a homecare plan according to each patient's individual needs and the instructions of the patient's doctor.

■ Life Assistance Care

Chughtai Homecare provides care designed to meet the needs of the elderly or disabled. The care plan is primarily focused on assistance with Activities of Daily Living (ADLs), such as eating, bathing, toileting, dressing, and walking. Patient care is delivered by a trained nursing assistant. Such care can significantly enhance the quality of life of the patient.

■ Sehat Services at Home

Chughtai Lab Sehat Services are designed to provide minor medical services in the comfort of your home. These services include:

- Home Sample Collection
- X-ray at Home
- Physical Therapy at Home
- Injections/Infusions at Home
- Dressings at Home
- Ambulance Service

CHUGHTAI VACCINATION CENTER

Chughtai Vaccination Centers have been launched to increase immunization against deadly diseases across Pakistan. At the vaccination centers, we offer vaccine administration, counseling, pre and post-vaccination assessment and consultation, post-vaccination observation, and rabies prophylaxis services.

CHUGHTAI INSTITUTE OF PATHOLOGY

Chughtai Institute of Pathology (CIP) is one of the most renowned pathology education institutes in the country.

CIP was recognized for FCPS training in 2013 by the College of Physicians and Surgeons Pakistan (CPSP). It is staffed by over 60 doctors including consultants and postgraduate residents.

So far, over 20 doctors have received their FCPS degrees from CPSP after completing their postgraduate training from CIP.

CHUGHTAI BLOOD CENTER

Chughtai Blood Center has been launched in line with our vision of developing Chughtai Lab as a center of excellence for managing all types of blood disorders. This Center provides safe blood and transfusion services to patients with blood disorders like thalassemia, hemophilia, leukemia and blood for patients undergoing bone marrow transplant.

At the blood bank, the blood is screened for all transfusion-transmitted infections (TTI) such as hepatitis B and C, HIV, syphilis, and malaria using AABB and WHO recommended guidelines to provide the safest possible blood.

CHUGHTAI AMBULANCE SERVICE

The Chughtai Ambulance Service is equipped to deliver ICU level care during patient transport. This enables us to transfer patients safely while providing comfort and peace of mind to the family. Our ambulances are ideal for non-emergency patient transfers from:

- Home to hospital
- Hospital to home
- One hospital to another hospital
- One city to another city

CENTRAL PARK MEDICAL COLLEGE (CPMC)

Central Park Medical College (CPMC) was launched by the Health and Education Foundation in 2008. The objective of the foundation was to bring medical education and healthcare delivery at par with international standards. The college has a purpose-built 25 acres campus in Central Park Housing Society, which is a project of Urban Developers.

The college aims to create excellence in the field of medicine by equipping the doctors of the future with the best knowledge and skills to succeed. The curriculum is curated based on the PMC requirements and additionally includes problem-based learning and integrated learning modules. Seven batches have already graduated from the college, and many of our graduates are pursuing postgraduate specialty training in Pakistan and abroad.

CENTRAL PARK TEACHING HOSPITAL (CPTH)

Central Park Teaching Hospital (CPTH) is the on-site affiliated teaching hospital for Central Park Medical College. The 500-bed hospital offers tertiary care to a large population of Lahore. Services include cardiology and cardiac surgery, a 20 bed ICU, a dialysis unit, and maternal and child health services, including a neonatal ICU. In addition to private care, the hospital is delivering affordable health care services to patients and offers completely free/subsidized treatment to thousands of indigent patients.

CHUGHTAI FOUNDATION

Chughtai Foundation seeks to serve humanity by taking on innovative initiatives in the healthcare and education sectors of Pakistan. Our vision is to empower those in most need, particularly children and the elderly, in ways that lead towards sustainable change in their standards of living.

Our project teams comprise of diverse sets of experts and practitioners who develop strategies that are both comprehensive in design and achievable. We aim to care for the communities we serve and to treat them with respect in our efforts to create a positive change in their lives.

Key initiatives of the Chughtai Foundation include:

- CPL Reading Rooms, which serve as satellite locations for the Chughtai Public Library providing free public space to read and study. These are housed in various Chughtai Lab centers across several locations.
- Medical camps for marginalized children
- Food drives for the unemployed during the coronavirus pandemic

CHUGHTAI PUBLIC LIBRARY

Chughtai Public Library is a project of the Chughtai Foundation that works to collect, organize, preserve, and make available knowledge to those who are financially disadvantaged. The library houses a large number of physical books, digitized collection, and digital resources including copies of some exclusive books that are no longer published.

- 20,000 Physical Books
- 11,000 Digitized Collection
- 38,000 Digital Resources
- 8 Branch Libraries

COMMUNITY SERVICE

EARTHQUAKE 2005

Emergency Stat Lab in Abbottabad for 6 weeks. Served 1000s of patients for free.

DENGUE FEVER OUTBREAK

More than 100,000 CBCs for Dengue Patients.

DISCOUNTED TESTS FOR DESERVING PATIENTS

MEDICAL CAMPS

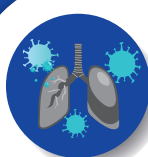

CHUGHTAI FOUNDATION

Healthcare for children and the elderly. Improved access to education for all.

COVID-19 PANDEMIC

Frontline Testing at more than 100 locations across Pakistan.

COMMUNITY EDUCATION

Chughtai Lab has started a series of community education programs through which our outreach team and doctors are visiting schools, colleges, universities, and organizations to raise awareness on important health topics. We have successfully launched and completed various campaigns that include awareness about breast cancer, bone health, healthy heart, diabetes, and other similar topics. Our community education programs include:
